INFRASTRUCTURE FOR GAMES, SPORTS, AND CULTURAL ACTIVITIES

A complete sport complex, catering to each and every sport, unfortunately lacks in the college because of paucity of space, even though the college administration has been trying to procure land outside the college premises for a number of years. Nonetheless, whatever space remains in the form of a green patch is judiciously made use, not just for sports, but also by NCC cadets on a regular basis. Having said that, as relates to sports, the present ground caters to the following: (i) Inter-collegiate Handball tournament, (ii) as practice ground for Hockey, (iii) two cricket pitches/Nets, (iv) Volley Ball court. Lately, a new basketball court has been established within the premises, which is used by basketball enthusiast on a regular basis. The college administration proposes to seclude the court through a rigid fence to safeguard the players, as well as to create a bare-minimum hindrance so that the court is not exploited for any other purposes, viz., car and bike parking. As relates to indoor sports, the institution possesses a separate room for table tennis, frequently used by both the faculty as well as the students. In addition, the self-financed B. Ed department too has a room housing a table tennis board.

We have a full-fledged Yoga department, a self-financed course which facilitates two separate courses- (i) Diploma in Yoga and alternate Therapy, and (ii) PG Diploma in Yoga and Health. Apart from a well-equipped hall for the smooth conduction of the course work, the department houses a fully-furnished gymnasium, and a relaxation center. As relates to the facilities for holding cultural activities, currently all the cultural activities are held in the conference hall. However, with the newly-established AUDITORIUM, which has a capacity for accommodating 400, cultural activities henceforth, will be conducted in this hall, apart from holding such events such as seminars and conferences, PTA and Alumni meets, etc. This auditorium is well-equipped with sound system, change-rooms, sound acoustic tiles, a fully-automized curtain system, apart from well cushioned/comfortable chairs for 400 individuals.

In addition, we have a separate lecture theatre -cum Career-Counseling Room (Room No. 66), with a capacity of 100, which is regularly used for holding Career-counseling activities as well as Career-related talks by invited experts. This facility has lately been strengthened with sound system, smart class board, and LCD projector, apart from being made fully air-conditioned. Dr. Naval Lohani, In-charge of Career -counseling cell has lately organised few campus interviews and placements, by inviting the local companies, institutes, or organisation.
