SENSITIZING THE STUDENTS, TEACHING FACULTY, AND THE STAFF TO THE CONSTITUTIONAL OBLIGATIONS

Sensitization of students and employees of the Institution to the constitutional obligations is done through the curriculum as well as through extra-curricular activities. Many of the subjects offered have topics that sensitize the students about constitutional obligations. The major subjects which deal with the constitutional provisions are the following- B. Ed, Education, and Political Science. As per the Supreme Court directive, constitutional provisions as relates to wildlife protection, and the environment, in general, are taught to the 2nd year students across the different streams- Science, Arts, and Commerce, in the college.

Regular workshops on raising awareness about the Rights of the girl child, Right to Information, Sexual Harassment, Gender Equity, as well as on Intellectual Property Rights, are organized. On the occasion of the events such as Independence Day and Republic Day, a message from the patron of the institution, i.e., the Director, Higher Education must be read out to the students, which invariably emphasizes the social obligation of each individual towards maintaining the social, cultural and linguistic integrity of the nation, as well as each ones' obligation to carry out the fundamental duties enshrined in the constitution.

To equip students with the knowledge, skill, and values that are necessary for sustaining one's balance between a livelihood and life by providing an effective, supportive, safe, accessible, and affordable learning environment. These elements are inculcated in the value system of the college community. The students are inspired by participating in various programs on culture, traditions, values, duties, and responsibilities by inviting prominent people. The Eco-club constituted in the college strives to carry out awareness campaigns on International Day such as Earth Day, and Environment Day, when issues such as Swachh Bharat, etc are conducted. Similarly, the Department of Psychology, Women Grievance Cell, and Sexual harassment (Protection, Prohibition, and Redressal) Cell regularly organizes women's rights, and sexual harassment (laws related, etc), etc on a regular feature where efforts are made to invite experts on these socially relevant issues to render talks to the girl students. Towards helping the students, as well as the outsider, to seek redressal of their cases, a legal cell has been constituted on the college campus.

The college website reflects upon the core values in the form of a Code of Conduct, not just for the teaching faculty, but also for the students, working staff, and the administrative head, too. The college website also highlights the issue of Ethics in research as well as plagiarism. In

fact, ethical values, rights, duties, and responsibilities of citizens are some of the topics that are enlisted in Elocution, debates, and class presentations.

It is certified that the statement provided above is correct to the best of my knowledge and belief.
