The overall quality of College regarding Teaching – Learning process, Infrastructure and Students support services is very good:
563 responses

Legend:
- Strongly disagree
- Disagree
- Neutral
- Agree
- Strongly agree

Pie chart values: 42.5%, 8.2%

Overall analysis or the outcome received from the students

- Faculties who teach well are not able to take the classes because of their engagement in other works
- Time table should be followed strictly
- No proper communication with the students regarding classes, examination information, practicals exams
- Labs needs to be more equipped with instruments, apparatus and computer systems

- Use of more ICT tools like smart boards, presentation software, information visualization tools etc.
- More Co-curricular activities like speeches, debates and quiz, and other competitions, should be organized
- Skill Development classes should be organized specially for PG students in holidays
- Students should not be allowed to roam in the college they create the indiscipline in the college
- Proper sanitation and availability of clean drinking water requires attention
- Library should have a reading area
- Dress Code for students should be there
- Classrooms furniture and board needs to be renovated

Certified that the statement above is correct to the best of my knowledge and belief.
