(YEAR 2024-25)

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Continuous Internal Evaluation (CIE) is practiced. Periodic assessment of the syllabi covered vis-à-vis the KPI (Key Performance Indicator) is carried out and corrective measures are taken for the completion of the prescribed syllabus. However, CIE is not just confined to the completion of the syllabi, but invariably is associated with the effectiveness of the teaching itself; more so when the monthly KPI monitors not just the attendance of the students in the class, but more importantly reflects upon the availability of the teaching faculty (days per month). Periodic evaluation teaching-learning (by students) is carried out through the conduction of MCQ-based tests, assignments, and project reports, PPT presentation, etc. These collectively carry 20 % of the total marks secured by the students, exclusive of 5 marks relegated for the percentage of attendance in the class. In addition, the end-semester examination (internal) is held for the postgraduate level. Transparency and accountability to the evaluation process are achieved by giving answer scripts to students. After duly institutionalizing the Mentor-Mentee, in each department, it has been possible to evaluate the progress of the mentees by the mentors. Additionally, few of the faculty members also undertake remedial classes, primarily for the slow learners, as also guiding the fast learners, in their preparation for the competitive exams, or academic excellence.

This is to certify that the information provided above is correct to the best of my knowledge & belief.
